English

WORK EXPERIENCE

MAREPLEKS OÜ

The company is active in the processing and production of glass. I operated on the production line and took on a supervisory role during the summer, overseeing and guiding summer workers.

BACULA AS (AAKRE MOOS)

A leading Estonian producer of high-quality jams and purées. As a jam maker, I worked within a team to prepare and cook various products, and was also responsible for the subsequent packaging of the final goods.
